ABOUT ME

Full-Stack Web Developer experienced in building modern web applications with React, TypeScript, Django, Node.js, and PostgreSQL. Skilled in frontend UI design with Tailwind CSS, backend API development, AI integration with OpenRouter, and deploying production-ready apps using Vercel, Railway, and Gunicorn.

TECHNICAL SKILLS

Frontend:
React, TypeScript, JavaScript(ES6+), Tailwind CSS, React Router, Axios, Vite

Backend:
Django, Django REST Framework, Node.js, Express.js, JWT (SimpleJWT), Prisma ORM, PostgreSQL, REST API Design, CORS Configuration

Tools & Deployment:
Git, GitHub, Postman, OpenRouter API, Render, Railway, Vercel, Gunicorn, WhiteNoise, Cloudinary, Python-dotenv, ESLint

EXPERIENCE

Simplevia Technologies Inc. – Frontend Developer Intern January 2025 - May 2025

Technologies Used: React, TypeScript, Tailwind CSS, Git, GitHub

Key Achievements / Responsibilities:

- Developed responsive, user-friendly web interfaces using React, TypeScript, and Tailwind CSS
- Built reusable React components and pages, implementing new features for the application
- Participated in code reviews and applied feedback to improve code quality and maintainability
- Collaborated with team members using Git and GitHub version control Maintained clean, reusable, and maintainable code following best practices

PROJECTS

GymAI Planner

Technologies: React, TypeScript, Tailwind CSS, Vite, Node.js, Express.js, Prisma ORM, PostgreSQL (Neon), Neon Auth, OpenRouter API, Railway, Vercel

Links: Live Demo | GitHub

Key Achievements / Features:

- Developed a full-stack AI-powered workout planner using PERN stack, Neon PostgreSQL, and Prisma ORM
- Integrated OpenRouter API to generate personalized AI workout plans with regeneration per user
- Implemented authentication and session management using Neon Auth
- Built responsive UI with React + Tailwind CSS and deployed via Vercel and Railway

Book Inventory System

Technologies: React, Tailwind CSS, Axios, Django, Django REST Framework, JWT, PostgreSQL, Cloudinary, Gunicorn, WhiteNoise, Render, Vercel

Links: Live Demo | GitHub

Key Achievements / Features:

- Implemented secure user authentication using JWT with Django REST Framework
- Developed and consumed RESTful APIs to manage CRUD operations for books
- Integrated Cloudinary and Pillow for efficient image storage and processing
- Deployed backend and frontend on Render and Vercel with production-ready configuration using Gunicorn & WhiteNoise

React-Tailwind Personal Portfolio

Technologies: React, Tailwind CSS, Vite, EmailJS, Lucide React

Links: Live Demo | GitHub

Key Achievements / Features:

- Developed responsive portfolio with reusable React components and pages
- Implemented contact form functionality using EmailJS
- Showcased projects, skills, and achievements with modern UI design

Hospital Appointment System (Capstone Project) Role: Frontend Developer

Technologies: HTML, CSS, JavaScript, Bootstrap

Links: Live Demo

Key Achievements / Features:

- Designed and developed the complete frontend including landing page, login/register, appointment booking, admin dashboard, and user profile pages
- Built responsive and mobile-friendly UI using Bootstrap with navigation/sidebar and data tables for efficient appointment and user management
- Implemented forms with client-side validation for user registration and appointment booking workflows

EDUCATION

Bulacan State University - Main Campus 2021 - 2025

Bachelor of Science in Information Technology

- Specialization: Web and Mobile Application Development
- Latin Honor: Cum Laude

St. Martin de Porres Catholic School of Guiguinto 2015 - 2021

Junior and Senior High School (STEM)

- With Honors

CERTIFICATIONS

Meta Full-Stack Developer Professional Certificate - Coursera 2025

- Front-End & Back-End Development covering React, JavaScript, Python, Django, REST APIs, Git, and Databases.
  Credential: View Certificate

Frontend Web Development with TypeScript – Edureka 2025

- Focused on TypeScript fundamentals, frontend architecture, and modern development practices.
  Credential: View Certificate

Meta Coding Interview Preparation – Coursera 2026

- Focused on data structures, algorithms, and technical interview problem-solving
  Credential: View Certificate
